

Please enter the total number of service hours here:

Christ Church School Community Service Hour Form

At Christ Church School, we believe serving others is part of what it means to follow Jesus for people of all ages. Community service hours are not required, but it is our hope that students will give of their time to help others in their family, community, and the world as Jesus taught us to do. Students who complete at least 10 hours of service will be recognized at the three Student Recognition Chapels throughout the school year. These dates are October 11, January 10, and May 23.

Completed forms must be turned in to Pastor Monique McBride one week prior to Student Recognition Chapel to be recognized. Several opportunities for service will be offered throughout the year for students and families to earn service hours. In addition, students can earn service hours individually by doing things to serve their family, neighborhood, church, school, community, or world. Suggestions include helping the hungry, serving at church, reading to another person, doing above and beyond chores, helping a neighbor, or helping at school.
